This syllabus for Trombone is valid for 2017–2020. Details of any planned changes to the Trombone requirements from 2021 will be posted in advance at www.abrsm.org/trombone.

In Grades 1–3, this syllabus may be offered on an alto trombone (provided the piano accompaniment is suitable and/or the trombone sounding an octave higher). In Grades 4–8, this syllabus may be offered on a tenor trombone (or an alto trombone if so marked) or on an adapted instrument (of reduced size and/or weight, excluding instruments sounding an octave higher).

The repertoire lists indicate the clefs in which the pieces are published (\(\text{\small \text{\textit{\textsc{b}}}}\) and/or \(\text{\small \text{\textit{\textsc{b}}}}\)). If necessary, candidates may use manuscript transpositions into treble or bass clef.

Examiners will ask candidates whether they are bass- or treble-clef readers.

**Aural Tests for the Grade:** see pp. 90 and 91
SCALES AND ARPEGGIOS: from memory, to be played both tongued and with legato tonguing in the following keys:

- **Bass clef**: Bb major; C minor (one octave)
- **Treble clef**: C major; D minor (one octave)

**Scales**: in the above keys (minor in natural or harmonic or melodic form at candidate’s choice)

**Arpeggios**: the common chords of the above keys for the range indicated

**SIGHT-READING**: (bass or treble clef at candidate’s choice) a short piece in simple time within the keys, notes and overall range of the scale requirements set for this grade. Some accidentals, dotted and tied notes may be included. See also p. 11.
**Aural Tests GRADE 1**

A  To clap the pulse of a piece played by the examiner, and to identify whether it is in two time or three time. The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time and giving a louder clap on the strong beats. The examiner will then ask whether the music is in two time or three time. The candidate is not required to state the time signature.

B  To sing as ‘echoes’ three phrases played by the examiner. The phrases will be two bars long, in a major key, and within the range of tonic–mediant. First the examiner will play the key-chord and the starting note (the tonic) and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.

C  To identify where a change in pitch occurs during a phrase played by the examiner. The phrase will be two bars long, in a major key, and the change will affect only one of the notes. First the examiner will play the key-chord and the tonic and then count in two bars. The examiner will play the phrase twice, making the change in the second playing, after which the candidate should state whether the change was near the beginning or near the end. If necessary, the examiner will play both versions of the phrase again (although this will affect the assessment).

D  To answer questions about two features of a piece played by the examiner. Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be: dynamics (loud/quiet, or sudden/gradual changes); the second will be articulation (smooth/detached).

**Aural Tests GRADE 2**

A  To clap the pulse of a piece played by the examiner, and to identify whether it is in two time or three time. The examiner will start playing the passage, and the candidate should join in as soon as possible, clapping in time and giving a louder clap on the strong beats. The examiner will then ask whether the music is in two time or three time. The candidate is not required to state the time signature.

B  To sing as ‘echoes’ three phrases played by the examiner. The phrases will be two bars long, in a major key, and within the range of tonic–dominant. First the examiner will play the key-chord and the starting note (the tonic) and then count in two bars. After the examiner has played each phrase, the candidate should sing back the echo without a pause, keeping in time.

C  To identify a change in either pitch or rhythm during a phrase played by the examiner. The phrase will be two bars long, in a major key. First the examiner will play the key-chord and the tonic and then count in two bars. The examiner will play the phrase twice, making the change in the second playing, after which the candidate should identify the change by describing it, or singing/clapping. If necessary, the examiner will play both versions of the phrase again (although this will affect the assessment).

D  To answer questions about two features of a piece played by the examiner. Before playing, the examiner will tell the candidate which two features the questions will be about. The first will be one of the following: dynamics (loud/quiet, or sudden/gradual changes), articulation (smooth/detached); the second will be tempo (becoming slower/faster, or staying the same).
