This syllabus is specific to Harpsichord and is part of the main Qualification Specification: Music Performance Grades. The remainder of that specification provides other relevant information for those preparing for Performance Grades exams and applies to all subjects (instruments). It can be found at www.abrsm.org/performancegrades and should be read when preparing for an exam.

Changes in this edition

This second edition, first published July 2021, includes several significant changes and updates to the exam requirements and information. There are no changes to the repertoire lists.

• We have provided additional guidance for the performance as a whole component of the exam
• We have made a change to the own-choice piece requirements to allow unpublished repertoire, including candidates’ own compositions
• We have changed our policy on the use of the same piece(s) in more than one exam; this is now allowed
• We have updated the Programme form – in particular, the Candidate ID should now be provided

A range of updates have also been made to the text to further clarify the existing requirements and information, based on queries and feedback received since the Performance Grades qualification was launched in summer 2020.

The overarching Qualification Specification: Music Performance Grades document, which has other important and relevant information for those preparing for Performance Grades, has also been significantly updated.

Introducing the qualification

Performance Grades are new qualifications from ABRSM, introduced in 2020 to run alongside our long-standing and respected Practical Grades. They allow learners to focus on and showcase their performance skills if that is their preference. This additional suite of qualifications has been designed to allow learners to play to their strengths and interests and still have their level of achievement formally recognised with a regulated qualification that attracts UCAS points (in the UK) at Grades 6 to 8. Performance Grades are accessible exams given their sole focus on performance, without the assessment of any supporting tests. Instead they encourage the selection of appropriate repertoire to be delivered in a sustained performance, even at the earliest levels.

Musicians learn to play an instrument to explore and perform repertoire, which is why pieces, and the way they can be combined to create a convincing and sustained performance, are the focus of the exam. For Performance Grades, candidates are asked to present four pieces at each grade.

ABRSM Performance Grades draw on the same repertoire set for our Practical Grades. This syllabus repertoire is organised into lists, which explore different traditions and styles, dating from the Renaissance period to the present day. Choosing repertoire from different lists gives candidates the opportunity to perform a balanced selection and demonstrate a range of skills.

Since Performance Grades focus on performance alone, the choice of repertoire is important, and attention should be given to the way pieces are contrasted, the order in which they are presented, and the different moods and characters they inhabit. This will enable candidates to demonstrate their ability to deliver a coherent and convincing performance event, not just a series of individual pieces. Credit for this is given through the performance as a whole assessment criteria that are applied.

Performance Grades: requirements and information

The syllabus repertoire is valid until further notice.

This section provides a summary of the most important points that teachers and candidates need to know when taking ABRSM Performance Grades for Harpsichord. Further details, as well as administrative information about the exams, are given in ABRSM’s Exam Regulations (available at www.abrsm.org/examregulations) which should be read before making an exam booking.

Instruments

The harpsichord should be in a state of tuning and regulation appropriate for the exam. The majority of the pieces listed in this syllabus require an instrument with a range extending up to d‴. The few pieces with a range above this note are indicated in the repertoire lists by an asterisk (*). Any notes lower than C (i.e. two octaves below middle C) may be transposed up an octave or omitted, as appropriate, if they are not available on the instrument used for the exam.

Candidates are required to perform on an acoustic instrument (a digital keyboard on a harpsichord setting is not allowed).
Performance as a whole

Performance skills are at the heart of Performance Grades, and go beyond the preparation of individual pieces. Designing programmes that play to learners’ strengths as performers, and then delivering them with a real sense of musical intent and communication, is central to musical development. This also builds stamina, and embeds the technical control required to play a whole programme through, including managing the transitions from one piece to another. Finding ways to put across the mood and character, and really get inside the style of different types of repertoire, as well as arranging pieces into coherent and compelling programmes will in turn increase learners’ knowledge and understanding of music more broadly.

For full details of how the performance as a whole component of the exam is assessed, see Section 4 of the Qualification Specification: Music Performance Grades.

Selecting repertoire

**Number of pieces:** Candidates present four pieces in one continuous performance (without a break). They choose at least one piece from each of List B and List C, with the third piece chosen from *either* List A or List D. The fourth piece can be from the repertoire lists (any list) or a piece of the candidate’s choice. The pieces can be performed in any order. See further programming requirements within this ‘Selecting repertoire’ section before finalising choices.

**Own-choice piece:** The following options and restrictions apply to the own-choice piece selection:

- The piece should be broadly the same standard, or above, as repertoire set for the grade being taken (prior approval from ABRSM is not needed, and can’t be given).
- The piece may be chosen from any of the repertoire lists set for the grade, as long as all other requirements within this ‘Selecting repertoire’ section are also met, including the minimum duration. Performing all four pieces from the lists gives no advantage.
- The piece may be a candidate’s own composition or arrangement (see ‘Own composition’).
- The piece must exist in a legible and fully-notated score using standard music notation (e.g. not in tab, not a lead sheet if candidate is playing a harmonic instrument etc.) and must be performed as notated in that score.

In cases where there is a concern about the standard of an own-choice piece presented, ABRSM reserves the right to request a copy from the Applicant where we cannot readily access one ourselves. This may delay the issuing of the exam result.

- At Grades 6 to 8, the piece may be performed on a related instrument (see ‘Related instrument option’).
- The piece must not last less than the following timings for each grade (unless the overall programme time would be exceeded; see ‘Programme times’):

<table>

</table>

The duration for each grade is the minimum time required in order to demonstrate the breadth and depth of skills required, including stamina.

The other programming requirements described in this ‘Selecting repertoire’ section must also be met.
**Programme times:** The overall performance, including transitions between pieces, should not exceed the maximum programme time set for the grade, as shown in the following table. The programme time is the duration from the first note of the performance to the last. The examiner may stop listening to the recording if the candidate’s performance goes over the maximum programme time.

**Composers:** Up to two pieces by the same composer may be performed. Where two or more pieces/movements by a composer are required by the syllabus (i.e. under one list number and indicated with an ‘and’), these are considered as one ‘piece’.

**Own composition:** ABRSM welcomes the inclusion of candidates’ own compositions, or arrangements, to be performed as their own-choice piece. We will not judge or provide feedback on the structure or quality of the composition, only the performance of it. However, as with any other own-choice piece, the technical demand of the composition must be broadly the same as repertoire set for the grade being taken.

**Repertoire lists:** Every effort has been made to feature a broad range of repertoire to suit and appeal to candidates of different ages, backgrounds and interests. Certain pieces may not be suitable for every candidate for technical reasons (e.g. hand size) or because of wider context (historical, cultural, subject matter, etc.). Pieces should be considered carefully for their appropriateness to each individual, which may need consultation between teachers and parents/carers. Teachers and parents/carers should also exercise caution when allowing younger candidates to research pieces online: [www.nspcc.org.uk/onlinesafety](http://www.nspcc.org.uk/onlinesafety).

The repertoire lists are the same as for ABRSM Practical Grades. Candidates intending on taking both qualifications at the same grade may find their musical development benefits from preparing different pieces for each.

**Exam music & editions:** Editions are listed in the syllabus for guidance only and candidates may use any edition of their choice. This includes facsimilies or editions that are downloaded. Any indications that are only appropriate to the piano may be disregarded. Information on sourcing exam music is given on page 6.

**Repeats:** In most cases, da capo and dal segno indications must be followed but other repeats may be included, or not, at candidates’ discretion (in order to achieve a musically satisfying performance). If the syllabus specifies that a repeat should be included, this instruction must be followed. If the syllabus indicates that a da capo/dal segno should be omitted, candidates have the option to include or not. The maximum programme time should also be taken into consideration when deciding whether to include repeats (see ‘Programme times’).

**Related instrument option:** At Grades 6 to 8, candidates may choose to play their own-choice piece on a spinet or virginal as appropriate. No extra marks are awarded for playing a related instrument.
Preparing for the exam

Programme form & pre-performance procedures: Candidates should complete a programme form and show it to the camera, for approximately five seconds, at the start of the exam recording. A form that can be printed and completed is provided on page 17. Alternatively, the required information can be written on a blank piece of paper. The piece information required should be given in the order the pieces will be performed.

As well as showing the form to camera, candidates should show the opening of their own-choice piece and announce themselves and their pieces before beginning their performance. Candidates taking a Grade 6, 7 or 8 must additionally show a form of photographic identification to the camera. This is because these qualifications can be used either as a prerequisite for higher grades and diplomas, or as part of a university application.

If preferred, a Responsible Adult present may show the form and music to camera (but not the ID, where applicable) and make the introductory announcement, as this does not form part of the performance. The assessment of the performance begins on the first note of music played.

More information on all of the above is given in the Guidance for Music Performance Grades available at www.abrsm.org/performancegrades.

Interpreting the score: Printed editorial suggestions such as fingering, metronome marks, realisation of ornaments, etc. do not need to be strictly observed. Whether the piece contains musical indications or not, candidates are encouraged to interpret the score in a musical and stylistic way. For pieces in a jazz style, candidates may add slight embellishment, as stylistically appropriate, but not include extensive improvisation. Examiners’ marking will be determined by how candidates’ decisions contribute to the musical outcome of each individual piece and to the performance as a whole.

Performing from memory: There is no requirement to perform from memory although candidates are encouraged to do so, if they believe it will enhance their performance. No extra marks are directly awarded for performing from memory.

Ossias: Where an ossia (alternative musical line or note) occurs in the music, candidates may choose either option unless the repertoire list specifies differently.

Registration: Candidates may use reasonable discretion in the choice of registration and manual allocation in the pieces performed, according to the specific nature of the instrument they are using and the extent of its ability to equate to any prescribed registration indications (see ‘Instruments’ on page 2).

Page-turns: Candidates need to manage any page-turns appropriately to avoid any adverse effect on the performance as a whole, which examiners will be assessing. Candidates may use an extra copy of the music or a photocopy of a section of the piece (but see ‘Copyright’) to help with page-turns. They may also use a page-turner (prior permission is not required; the turner may be the teacher).

Copyright: Performing from unauthorised photocopies (or other kinds of copies) or illegal downloads of copyright music is not allowed. In the UK, copies may be used in certain limited circumstances – for full details, see the MPA’s Code of Fair Practice at www.mpaonline.org.uk/mpa-guidelines. In all other cases, application should be made to the copyright holder before any copy is made. Care should also be taken when making arrangements, as permission will be required in the case of copyright music.
Candidates and Applicants are expected to act within the law with regard to copyright. ABRSM may withhold the exam result where we have evidence that this is not the case.

**Sourcing exam music:** Exam music is available from music retailers and online, including at the ABRSM music shop: www.abrsm.org/shop. Every effort has been made to make sure that the publications listed will be available for the duration of the syllabus. We advise candidates to get their music well before the exam in case items are not kept in stock by retailers. Non-exam related questions about the music (e.g. editorial, availability) should be addressed to the relevant publisher: contact details are listed at www.abrsm.org/publishers.
